## Project reviews: Guidelines

- The schedule for the discussions of the projects as well as the corresponding Webex links can be found on the next page.
- It is necessary to prepare for the meeting (get familiar with the topic, ...) and to think about potential questions beforehand.
- Since these online discussions replace one-on-one meetings at the university, we encourage you to participate with your video cam turned on.
- If you can't participate at the meetings as scheduled or have any problems with Software/Internet, please let us know.
